INTERNATIONAL FEDERATION OF PURCHASING & SUPPLY MANAGEMENT

CERTIFIED FREIGHT FORWARDING PROFESSIONAL (CFFP)

Face to Face/Virtual Instructor-Led Training

COURSE SUMMARY

Freight forwarding plays a vital role in global trade by ensuring the efficient movement of goods across international markets. Modern freight forwarding professionals are responsible for coordinating transportation, managing documentation, ensuring regulatory compliance, and delivering cost-effective logistics solutions that keep global supply chains moving.

The Certified Freight Forwarding Professional (CFFP) programme is designed to provide participants with practical knowledge of international freight operations and global logistics. The course equips learners with a structured understanding of transportation modes, freight documentation, customs procedures, cargo handling, warehousing, freight cost management, and modern freight forwarding technologies.

Through practical learning and real-world industry scenarios, participants will develop the competencies required to confidently manage freight operations while building a successful career in logistics, shipping, and international trade.

ENTRY QUALIFICATIONS

To enrol in this programme, participants should have:

- Basic computer skills.
- Proficiency in English.
- Relevant certification is an added advantage.
- The programme is suitable for entry-level professionals, logistics coordinators, and individuals aspiring to build a career in freight forwarding and international logistics.

Why Choose Certified Freight Forwarding Professional?

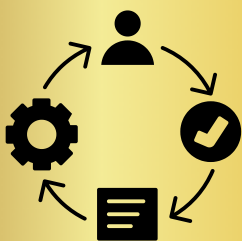

- Develop practical expertise in international freight forwarding operations.
- Learn global transportation methods, customs procedures, and freight documentation.
- Build knowledge of cargo handling, warehousing, and freight cost management.
- Understand industry regulations and compliance requirements.
- Gain practical exposure to modern freight forwarding technologies and digital logistics tools.

LEARNER PROFILE

 This programme is ideal for:

- Entry-Level Logistics Professionals
- Freight Forwarding Executives
- Logistics Coordinators
- Shipping & Documentation Executives
- Import & Export Executives
- Warehouse Professionals
- Supply Chain Assistants
- Individuals aspiring to build a career in Global Logistics and International Trade.

Master Global Freight
Forwarding with Confidence.
