

PROFESSIONAL CERTIFICATE IN

Supply Chain & Operations Management

CILT Level 5 (UK)

2 MONTHS • 3 UNITS

Advance your expertise. Lead with confidence.

THE PROGRAMME

Strategy. Efficiency. Leadership.

The CILT(UK) Level 5 Professional Certificate in Supply Chain and Operations Management is a globally respected qualification for professionals advancing their expertise in logistics, supply chain and operations.

The programme builds a strong foundation in strategy, operations planning and logistics - enabling participants to improve efficiency, reduce costs and lead effectively across key supply chain functions.

DESIGNED FOR

Mid- to senior-level professionals managing logistics, procurement, operations, inventory, transport, production and distribution.

WHAT YOU WILL GAIN

Lead with strategic clarity.

STRATEGIC PERSPECTIVE

Understand how supply chain and operations support organizational objectives and competitive advantage.

INTEGRATION

Align procurement, production, inventory and transportation functions.

DECISION-MAKING

Use planning and performance information to make informed operational decisions.

LEADERSHIP

Lead people and cross-functional teams with clarity and confidence.

SUSTAINABILITY

Apply ethical practice and sustainable resource-management principles.

APPLICATION

Translate learning into practical solutions for complex supply chain challenges.

CURRICULUM / STRATEGIC FOUNDATION

Read the environment. Set direction.

01

Operations & Supply Chain Structures

Understand operating models and how supply chain functions connect.

02

Influences on Activity

Assess internal and external forces shaping performance.

03

Strategic Planning

Translate organizational priorities into clear supply chain direction.

04

Management Information & Performance

Use relevant information and measurement to support decisions.

05

Stakeholder & Relationship Management

Build productive relationships across internal and external networks.

CURRICULUM / RESOURCE MANAGEMENT

Lead resources responsibly.

01 LEADING PEOPLE

Build capable, accountable teams.

02 FINANCIAL AWARENESS & CONTROL

Connect resource decisions with commercial outcomes.

03 RESOURCE PLANNING

Match people, assets and capacity with operational priorities.

04 ETHICAL BUSINESS PRACTICE

Embed integrity into decisions and relationships.

05 SUSTAINABLE SYSTEMS

Support responsible, resilient operating models.

CURRICULUM / BUSINESS PLANNING

Plan across functions. Deliver value.

01 FACILITATING DEMAND & SUPPLY

Balance requirements, capacity and operational priorities.

02 QUALITY

Build consistency and continuous improvement into delivery.

03 CROSS-FUNCTIONAL DIALOGUE

Connect teams, information and decisions.

04 BUSINESS PLANNING SOLUTIONS

Shape practical responses to complex operating challenges.

05 INVENTORY

Manage availability, service and working capital with greater control.
