

# EXPORT AND IMPORT MANAGEMENT COURSE

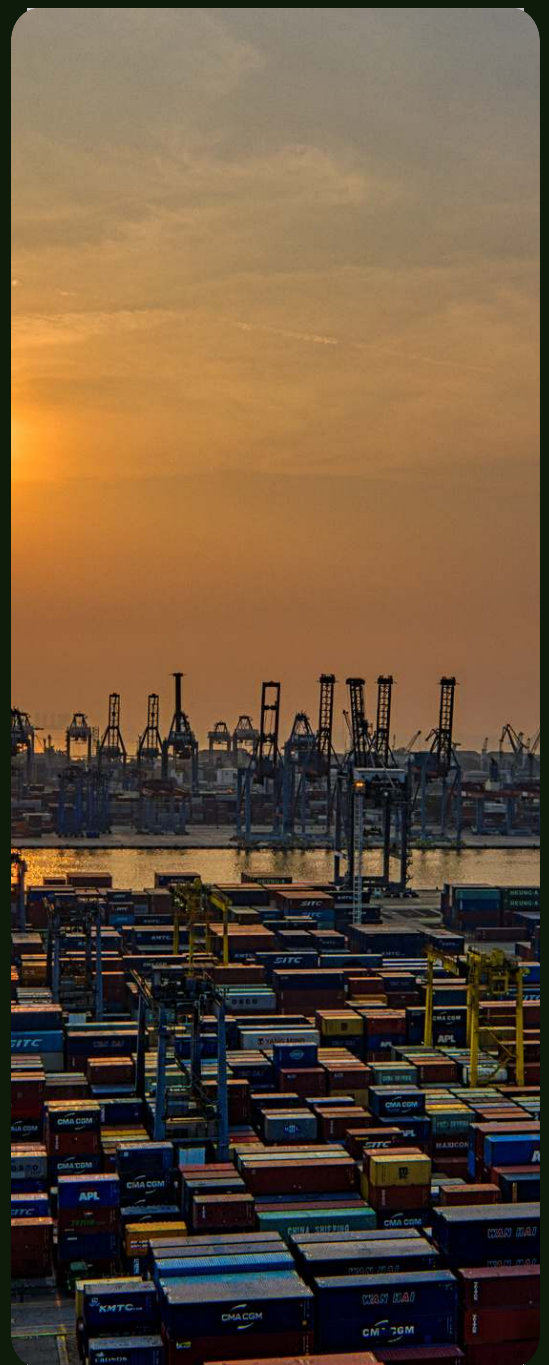

Face to Face or Virtual Training Mode

# COURSE SUMMARY

International trade plays a vital role in today's global economy, creating opportunities for businesses to expand across borders and access new markets. Professionals involved in export and import operations require a thorough understanding of international trade procedures, documentation, payment methods, logistics, and regulatory compliance.

The Export & Import Management programme is designed to provide participants with comprehensive knowledge of the international trade cycle and the practical skills required to manage export and import operations effectively.

The course covers international trade documentation, Incoterms®, trade finance, Letters of Credit (L/C), shipping procedures, banking practices, and risk management. Through practical learning and industry-focused training, participants will develop the confidence to manage global trade transactions while ensuring compliance with international trade standards and best practices.

# ENTRY QUALIFICATIONS

**To enrol in this programme, participants should have:**

- High School Certificate or equivalent.
- Diploma or Bachelor's Degree is an advantage.
