

TRAINING

UAE VAT (VALUE ADDED TAX) TRAINING

Face to Face/Virtual Instructor-Led Training

COURSE SUMMARY

The introduction of Value Added Tax (VAT) has transformed the UAE's business landscape, making tax compliance an essential responsibility for organisations across all industries.

The UAE VAT Training Programme provides participants with a comprehensive understanding of the UAE VAT framework, enabling them to confidently manage VAT registration, invoicing, reporting, compliance, and return filing in accordance with the Federal Tax Authority (FTA) regulations.

Designed around practical business scenarios, the programme explains how VAT impacts accounting, finance, purchasing, sales, and day-to-day business operations. Participants will gain hands-on knowledge of VAT legislation, taxable supplies, VAT calculations, tax documentation, industry-specific applications, audit requirements, and the latest regulatory developments.

Whether you are an accounting professional, business owner, or finance executive, this programme equips you with the practical knowledge required to ensure accurate VAT compliance and minimise tax-related risks.

ENTRY QUALIFICATIONS

To enrol in this programme, participants should have:

- Participants should have:
- A basic understanding of accounting principles (recommended).
- Familiarity with common business transactions such as sales, purchases, expenses, and invoicing.
- Basic computer skills for working with accounting software and online tax portals.

Why Choose UAE VAT TRAINING?

- Develop a practical understanding of the UAE VAT framework and compliance requirements.
- Learn how to manage VAT registration, invoicing, return filing, and record keeping effectively.
- Understand the VAT treatment of different business transactions and industry sectors.
- Gain practical knowledge through real-world examples and business applications.
- Stay updated with the latest FTA guidance, VAT regulations, and compliance practices.
