

AML / CFT / CPF COMPLIANCE

FOR BANKS & FINANCIAL INSTITUTIONS

Advanced CBUAE-specific programme

CBUAE's AML guidance applies to national banks, foreign-bank branches and other licensed financial institutions.

6 HOURS

Intensive one-day format

6 MODULES

Core AML control areas

CBUAE

Regulatory focus

Designed for financial-sector compliance teams

A concise certification programme focused on customer due diligence, transaction monitoring, sanctions, suspicious-activity reporting and regulatory inspection readiness.

KYC / CDD / UBO

Customer identification and risk rating

TRANSACTION MONITORING

Detecting unusual movement of funds

PEPs / SANCTIONS / TFS

Screening and escalation controls

STR / SAR / goAML

Reporting and regulatory readiness

CORE MODULES

The essential control areas covered during the 6-hour programme

01

CBUAE AML/CFT/CPF Framework

Understand the regulatory framework and financial-institution compliance context.

02

KYC / CDD / UBO & Customer Risk Rating

Strengthen customer identification, beneficial-ownership checks and risk classification.

03

Transaction Monitoring

Review transaction behaviour and identify activity requiring investigation or escalation.

04

PEPs, Sanctions & TFS

Apply screening controls for politically exposed persons, sanctions and targeted financial sanctions.

05

STR / SAR & goAML

Understand suspicious-activity reporting and the goAML reporting channel.

06

CBUAE Audit & Regulatory Inspection Readiness

Organise controls and evidence for audit and regulatory inspection readiness.

PROGRAMME FOCUS

Practical, risk-based understanding of financial-sector AML controls and regulator-facing readiness.

FINANCIAL-CRIME RED FLAGS

Key behaviours highlighted in the course for banks and licensed financial institutions

- ! Layering
- ! Dormant-account activation
- ! Mule accounts
- ! Cross-border transactions
- ! Rapid movement of funds
- ! High-risk correspondent relationships
- ! Unusual cash deposits
- ! Structuring
- ! Third-party transfers

WHY THIS PROGRAMME MATTERS

Banks and financial institutions need consistent customer due diligence, transaction monitoring, screening, suspicious-activity reporting and inspection-ready controls. This one-day programme brings those core areas into one focused learning experience.
