

PROFESSIONAL COMPLIANCE PROGRAMME

Compliance for Payment Services & FinTech

Strengthen AML controls across digital payments, onboarding, transaction monitoring and regulatory readiness.

6 HOURS / 1 DAY

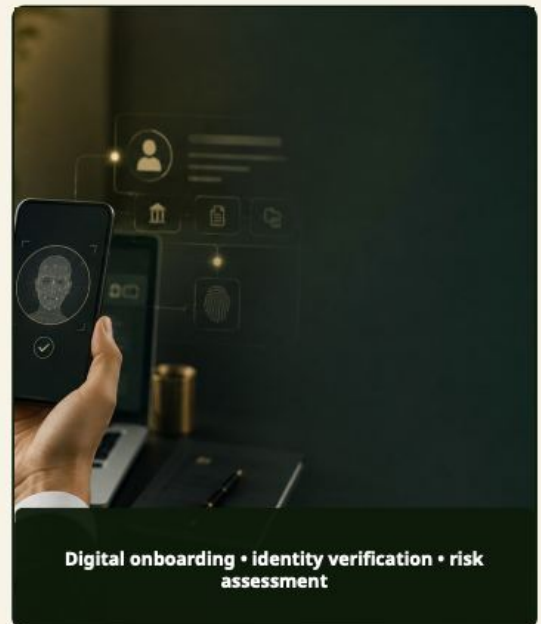

AML + DIGITAL KYC

FOCUS AREAS

Digital KYC • Payment Monitoring
Fraud & Mule Accounts • Sanctions / PEP
STR / SAR • Audit Readiness

A focused one-day journey from risk to response.

Six practical modules built around the risk realities of payment services and fintech operations.

01 CBUAE AML Requirements

for Payment Services

02 Digital KYC

& Customer Risk Assessment

03 Payment Transaction

Monitoring

04 Fraud, Mule Accounts

& AML Red Flags

05 Sanctions, PEP

& STR / SAR

06 Regulatory Audit

Readiness

Know what to look for.

Key red flags highlighted in the programme:

- 1 **Multiple accounts**
- 2 **Rapid payments**
- 3 **Third-party funding**
- 4 **Unusual merchant settlements**
- 5 **Cross-border transfers**
- 6 **Suspicious digital onboarding**

MONITORING LENS

Connect transaction behaviour with KYC context, fraud indicators, sanctions / PEP screening and escalation to STR / SAR where appropriate.

From policy to operational judgement.

Practical Exercise

Analyse a digital payment case and identify KYC, fraud and AML concerns.

01**Review**

Customer / onboarding context

02**Detect**

Payment behaviour & red flags

03**Assess**

Fraud, sanctions, PEP & AML concerns

04**Escalate**

Document findings and reporting path

IDEAL FOR

**Compliance / MLRO teams • FinTech & payment operations • Risk & fraud teams
• Internal audit • Management**

One day. Practical focus. Stronger readiness.

Bring compliance closer to the way digital payments actually operate.
