

DNFBP-FOCUSED AML TRAINING

COMPLIANCE FOR TRUST & COMPANY SERVICE PROVIDERS

UAE AML framework, KYC/UBO controls, sanctions, STR/SAR reporting and regulatory inspection readiness for TCSP operations.

6 HOURS • 1 DAY

Practical, sector-focused compliance training

Build the TCSP AML control framework

Move from DNFBP obligations to corporate KYC/UBO review and the red flags most relevant to company-service activity.

AML FRAMEWORK + KYC/UBO + CORPORATE STRUCTURE RISK

1

UAE AML Framework for TCSPs

- DNFBP obligations
- UAE FIU and goAML
- Compliance Officer responsibilities
- Business Risk Assessment

2

KYC, UBO & Corporate Structures

- Individual/corporate KYC
- UBO identification
- Ownership charts
- Nominees
- Trusts and legal arrangements
- PEPs and sanctions
- Source of Funds/Wealth

3

TCSP AML Red Flags

- Shell companies
- Complex ownership without purpose
- Nominee shareholders/directors
- Multiple companies using same address
- Unexplained offshore ownership
- Hidden beneficial owners
- High-risk jurisdictions
- Third-party funding

Report, screen & prepare for inspection

Convert suspicious activity into documented escalation, sanctions screening and audit-ready evidence.

TCSP RED FLAGS TO WATCH

- Shell companies
- Nominee arrangements
- Hidden beneficial owners
- Unexplained offshore ownership
- High-risk jurisdictions
- Third-party funding

4

STR/SAR & goAML

- Suspicious activity
- Internal escalation
- STR/SAR
- goAML
- Tipping off
- Record retention

5

Sanctions & High-Risk Clients

- TFS
- PEPs
- High-risk jurisdictions
- PF awareness
- EDD

6

Regulatory Inspection Readiness

- AML policies
- Risk assessments
- KYC/UBO records
- High-risk client files
- Screening records
- STR/SAR files
- Training
- Compliance review

Inspection readiness: policies, risk assessments, KYC/UBO files, screening, STR/SAR records, training and review.
