

ONE-DAY • 6-HOUR CERTIFICATION PROGRAM

AML/CFT/CPF COMPLIANCE FOR UAE REAL ESTATE SECTOR

A practical, sector-focused programme for real estate professionals who need to understand customer due diligence, transaction red flags, reporting obligations and inspection readiness.

WHO SHOULD ATTEND

Real estate brokers, agents, sales managers, compliance staff, owners and administrative teams.

KYC & UBO

Know who you are dealing with

RED FLAGS

Spot unusual real-estate activity

goAML

Understand escalation & reporting

COURSE FOCUS

Identify customers correctly • Recognise suspicious transactions • Understand REAR/STR reporting • Maintain inspection-ready AML documentation

WHAT THE PROGRAMME COVERS

Five focused modules built around real-estate AML compliance responsibilities.

1

UAE AML FRAMEWORK FOR REAL ESTATE

- Current UAE AML/CFT/CPF legal framework
- Role of Ministry of Economy & Tourism
- UAE FIU and goAML
- Responsibilities of real estate brokers and agents

2

CUSTOMER DUE DILIGENCE

- Individual and corporate KYC
- Ultimate Beneficial Owner identification
- PEP and sanctions screening
- Source of Funds and Source of Wealth
- Customer risk classification

MODULE 3 • REAL ESTATE TRANSACTION RED FLAGS

Practical indicators that may require enhanced review, escalation or reporting.

• **Cash-intensive purchases**

• **Third-party payments**

• **Unexplained overseas funds**

• **Rapid resale of property**

• **Values inconsistent with customer profile**

• **Opaque companies / nominee ownership**

• **High-risk jurisdictions**

• **Virtual asset involvement**

• **Unusual payment structures**

REPORT. PREPARE. APPLY.

4

REAR, STR/SAR & goAML

- When a Real Estate Activity Report may be required
- AED 55,000 cash threshold considerations
- Virtual-asset-related real estate transactions
- Difference between REAR and STR/SAR
- Internal escalation and goAML reporting
- Tipping-off prohibition

5

AML INSPECTION READINESS

- AML policy and Business Risk Assessment
- Customer Risk Assessment
- Compliance Officer responsibilities
- KYC, UBO, PEP and sanctions evidence
- High-risk customer files and REAR/STR records
- Staff training records and record retention

PRACTICAL EXERCISE

Review one fictional property transaction, identify AML red flags, decide what additional documents are required, and determine whether escalation/reporting is necessary.

BY THE END OF THE COURSE

- Identify customers properly
- Detect suspicious real-estate transactions
- Understand REAR/STR reporting requirements
- Maintain documentation for regulatory inspection
